AZALEA PLANTING

CATO'S NURSERY

BAINBRIDGE, GEORGIA

Telephone: CHerry 6-2364

GUARANTEE. We cannot control conditions after plants leave our hands, and we cannot, therefore, guarantee our plants to live. We do guarantee all stock sent out to be well rooted, true to name, properly packed and shipped according to instructions.

INSPECTION. Our Nursery has been State inspected and found to be free of diseases and plant pests. We take every precaution to keep our plants healthy and thrifty. We spray our Nursery at least three times a year, and our plants are properly dug and packed. We comply with the laws of the various States into which we ship.

QUANTITY RATES. Six or more plants at the dozen rate; 50 or more plants at the 100 rate.

TERMS. Cash with order or satisfactory references, except to parties of known responsibility.

C. O. D. shipment will be considered as a cash order only when deposit of 25 percent is sent with order.

For charge accounts, our terms are 30 days net. New accounts opened only upon receipt of trade references, allowing time for investigation.

Boxing at cost.

TRANSPORTATION. Please state whether you want your shipments by Parcel Post, Express, or Freight. If no instructions are given, we will use our best judgment in selecting best method of shipment. We make no charge for delivery to railroad station, but our responsibility ceases when goods are turned over to carrier, and risk and cost of transportation belong to purchaser.

CLAIMS. All claims must be made immediately on receipt of stock. We shall be glad to rectify any mistake made by us, but in no case will our liability be more than the purchase price.

CONDITION OF SALE. We accept all orders on condition that they shall be void should injury beyond our control befall the stock, and subject to all Government regulations affecting labor, materials, and transportation.

Prices in this list cancel all previous quotations and are subject to change without notice
